

# Miami Mall Aliens, January 1, 2024, Reverse Speech Analysis by Tiffany Fontenot for Our Still Small Voice®

Account      Our Still Small Voice

Project Date: January 16, 2024

## **Notes:**

\*I did a 22-minute video that goes along with this RSA that I've placed in the folder along with another video I mentioned in the 22-minute video. In the video, I forgot to mention that what I have suggested to get our economy OFF the Satanic Ai Whore teat, is to go and listen to what all Catherine Austin Fitts has to say about making money by healing and maintaining the proper system...I was going to launch into that after talking about how the captive audience via DOD surveillance goes both ways. Here are a couple of the many examples of showing us in allegory about taking on Ai interface. The worm has significance, but you won't understand that likely unless you watch both of these and compare and contrast them.

\*\* Also, many Sabrina Wallace video links are at the bottom of this RSA.

\*\*\*Check back as my intention is to update the folder and this document with Reverse Speech for the June 2023 First Hand Account of a Las Vegas Family Who Claims To Have Seen Aliens.

## **Video Source:**

F1: [Your first instinct is like it ain't to like take out your phone and start recording.]

R1: **Europe and Russian war for your eye get jealous, kneel-it. Yells it, knits it, serve fruit.**

**Interpretation:**

- A bloodline war and/or a European war and a Russian war for your jealous eye is rolling out a distraction connected to subservience and to keeping you looking at something else, is an emergency situation being created whose outcome bears fruit, or has been done for a particular predetermined purpose.

F2: [and we ran with our nephew and then]

**R2: and then the weave, fend alone our HUMINT.**

**Interpretation:**

- And then what was created was looking after themselves without any help from others connected to a Human Intelligence Network.

F3: I didn't record anything so I was [fine. None of us recorded anything so we were basically free to go.]

**R3: Whore did it for this Hebrew war. Snare their oak. We're servin' the ALF.**

**Interpretation:**

- Connected to not recording anything and being free to go, he's indicating The Whore Ai did this on behalf of a Hebrew war where strength is being entrapped in some way by people who are serving the Ai.

F4: [the Miami incident right were th...at the mall]

**R4: (A)larm bit that through AR vets named the Owl-Beth.**

**Interpretation:**

- Connected to the correct Miami incident for alien origins at the mall is an alarm connected to binary digits, or data flowing connected to AR likely Artificial Reality and vets likely veterans who come from the house of spies/surveillance.

\*So this continues to look like an op, perhaps testing public reaction using Ai Systems connected to veterans hired to help roll it out connected to the transhuman war against Humanity that continually is showing up in our shared consciousness. But let's do a few more and see how we go.

F5: Went to the mall. Got the coordinates. Flip flopped the coordinates. Put that in Google Earth and just to see where that would take me. [It took me to the center of Antarctic]a.

R5: **in rock net they urge-this that he pushed it.**

### **Interpretation:**

- Connected to rocking the entrapment, or making it more impressive, looks like the idea to check the coordinates was pushed to her by someone. This can be done consciously via a paid HUMINT team member influencing the public, but it can also be done via the tech over any number of patented subliminal tech communication systems that work with the IoE Sonar-net that taxpayers paid for. So, your tax money is paying for you to be psyop-ed, entrapped, sickened, depopulated, and neuro-enslaved via this technology Worldwide by the Public-Private Partnership.

Imo, everyone needs to report what's happening which is that all of Creation is being enslaved down to the nano level onto a DEAD 3D Control Grid Internet of Everything that can continue to genocide, sicken, control, and is a communications system as well. #TraffickingSyndicate. Also, this video is the same info Sabrina is putting out but put fully into an 18 min video where you get sort of the whole thing in a nut shell-
