I found RS from a NASA employee reportedly floating in the air saying evil's needing in our thoughts connected to a kid dealer (child trafficking) who's elusive as night & that they broke our will (nanotech lobotomy & torture) Here's the link where that RS is located & the ten min video takes you through the reversals & how to get to those reversals at the link-

#JulianAssange's telepathy comment guessed we had a few years left before ENFORCED telepathic readings. He's talking about the Internet of Everything biosurveillance 3D INTERNET CONTROL GRID our tax dollars have been used for behind our backs to create all this 🤖💩. I think we need to get all this info out & all agree to stop paying any tax of any kind because THIS is what they've done with our money.
