Quick dig on [#LookingGlass](#)

"Project Stargate was the code name for a secret U.S. Army unit established in 1978 by the DIA and SRI to investigate the potential for psychic phenomena in military and domestic intelligence applications. It was terminated and declassified in 1995."

Project Stargate lasted 17 years 🐸

"Remote viewing attempts to sense unknown information about places or events. During intelligence applications viewers claimed to sense things in the future, experiencing precognition."

"Physicists Russell Targ and Harold Puthoff began testing for SRI in 1972 including one who would later become an international celebrity, Uri Geller. Their apparently successful results garnered interest within the U.S. DoD."

Uri Geller convinced the CIA of his psychic powers
The CIA tested Uri Geller's psychic abilities during a series of top secret tests in the 1980s where he was able to demonstrate his skill in an 'unambiguous manner' according to released documents.

"A key sponsor of the research was Gen. Stubblebine. He required that all of his battalion commanders learn how to bend spoons a la Uri Geller. In the early 1980s he was responsible for the INSCOM, during which time the remote viewing project in the US Army began."

Funny how this all ties together... Gen Stubblebine + Remote Viewing + INSCOM + QAnon? Has Q access to those secret programs? It seems so, doesn't it?

Gen. Paul Valley: "QAnon is information that comes out of a group called 'The Army of Northern Virginia.' This is a group of military intelligence specialists, of over 800 people that advises the president."

Pretty sure, there are many more secret programs that belong to each other. As far as I understand - the MKUltra Program stands at the top. Mind control is real.

MKUltra by CIA (1952-73)

Mockingbird CIA (1953-74)

Pegasus by DARPA (1968-73)

Stargate by ARPA (1978-95)

Project DeepMind

Project DeepDream

I'm still missing the direct connections between BigPharma and BigTech, but this is fkin HUGE. All those mind control programs went dark 30-50 years ago! Coincidence the Matrix (movie)...

Coincidence the Matrix grew people as a crop, used for energy, and controlled their mind? Sound familiar?

Wonder where they derived that idea from.

Now comes the 'conspiracy' label...

The chronovisor was allegedly a functional time viewer described by Father François Brune in his 2002 book "The Vatican's New Mystery".

<https://en.wikipedia.org/wiki/Chronovisor>

"According to its inventor, it worked by receiving, decoding and reproducing the

electromagnetic radiation left behind from past events. Ernetti said that he had observed, among other historical events, Christ's crucifixion and photographed it as well."

The above was in 1972. Who knows what tech exists today? But as Q+ stated in his Inauguration Speech - Disclosure is coming! Don't miss this interview (re-uploaded yesterday) with an ex-Navy Seal. It all makes sense!

So has Q a time machine? lol. Maybe. Think POTUS' uncle + Tesla connection. But at least they have access to some very interesting (secret) programs re: precognition, telekinesis, et al
