Many of my books can be found for FREE at: Apple iBooks, Amazon.com, Lulu.com, Smashwords.com, BarnesandNoble, Google Play, kobo, Scribd, AngusRobertson, Rakuten.JP, Fnac, and other websites. Goodreads.com has connections to the CIA. I do not recommend that website. Baidu sometimes will perform a more thorough search than Google, for my ebooks. Abstract

Yandex is the largest search engine in Russia, similar to Google in the United States . This

short ebook documents continuing crimes from the Clowns, Idiots, and Assholes (CIA), that they are hacking and manipulating Yandex search results to install malware on computers. The Clowns have established fake ebook websites that do not show in search results for Google or Bing, and are specifically providing fake links to the ebooks of Richard Lighthouse. Numerous screens shots are provided showing the fake websites which have been set up, and the search results from Yandex. Most of these fake websites originated after 18 January 2017, when an editorial in Pravda appeared with a quote from Richard Lighthouse. These fake websites are a violation of copyright laws as well as Felony Fraud. No other organization or group has any reason to target my ebooks in Russia, and only the CIA and NSA could arrange such a large disinformation campaign. These government criminals swore an oath to protect and defend the U.S. Constitution, and now they lie in courtrooms to hide their criminal activity.

Here are the licensed distributors for my ebooks, that I am aware of: Barnes & Noble, Amazon, Lulu, Kobo, Apple, Inktera, Baker & Taylor Blio, Library Direct, OverDrive, Scribd, cloudLibrary, Gardners Extended Retail, Yuzu, Tolino, Odilo, Gardners Library, AngusRobertson, Rakuten.JP, and Fnac

For a complete list of my published ebooks, see "Ebooks published on Smashwords and Lulu by Richard Lighthouse;" ISBN 9781370721948.

## Introduction

Yandex is a search engine based in Russia that provides search results in Russian and other languages. It is popular in Russia, primarily because of the language used. Since 2012, this author has been stalked and harassed by the criminals of the CIA, because of the technical information that I have published, which the government would prefer to keep secret. Readers are encouraged to review some of the murders which have been committed by the CIA and FBI, some of which are scientists and engineers such as Dr Eugene Mallove, Stan Meyers, T. Henry Moray, Phil Schneider, and his many coworkers. Also on the murder list are journalists Gary Webb and Michael Hastings. A more complete list is provided in the appendix.

Quoted in Pravda, the official government newspaper in Russia, 18 January 2017:  
[http://www.pravdareport.com/opinion/columnists/18-01-2017/136653-open\\_letter\\_trump-0](http://www.pravdareport.com/opinion/columnists/18-01-2017/136653-open_letter_trump-0)

"And, information that seems much stranger than fiction is covered in books and videos such as "Targeted Individuals" by Richard Lighthouse. This book describes modern-day sophisticated attacks against individuals which experts say can cause heart failure and other fatal or debilitating results. Lighthouse bases his book on information and testimony from such investigators as Dr. Barrie Trower, retired British military scientist, author Dr. John Hall M.D., and Oxford-educated scientist, Dr. Katherine Horton, among others. NSA whistleblowers William Binney and Kirk Weibe recently announced their support for "Targeted Individuals." In other words, there are more ways to hurt or kill a President or political leader than by a bullet."

The official newspaper is a government bureaucracy. It took weeks for the Pravda article to go through internal approvals and edits, so the CIA had plenty of time to develop a plan for

disinformation. This is not a trivial article – it is an open letter from the Russian government to newly-elected President Trump.

A Yandex search provide links to ebooks by “Richard Lighthouse.” Unfortunately, most of these search results are links to spyware. This is quite deliberate. Some of the screen shots of Yandex search results:

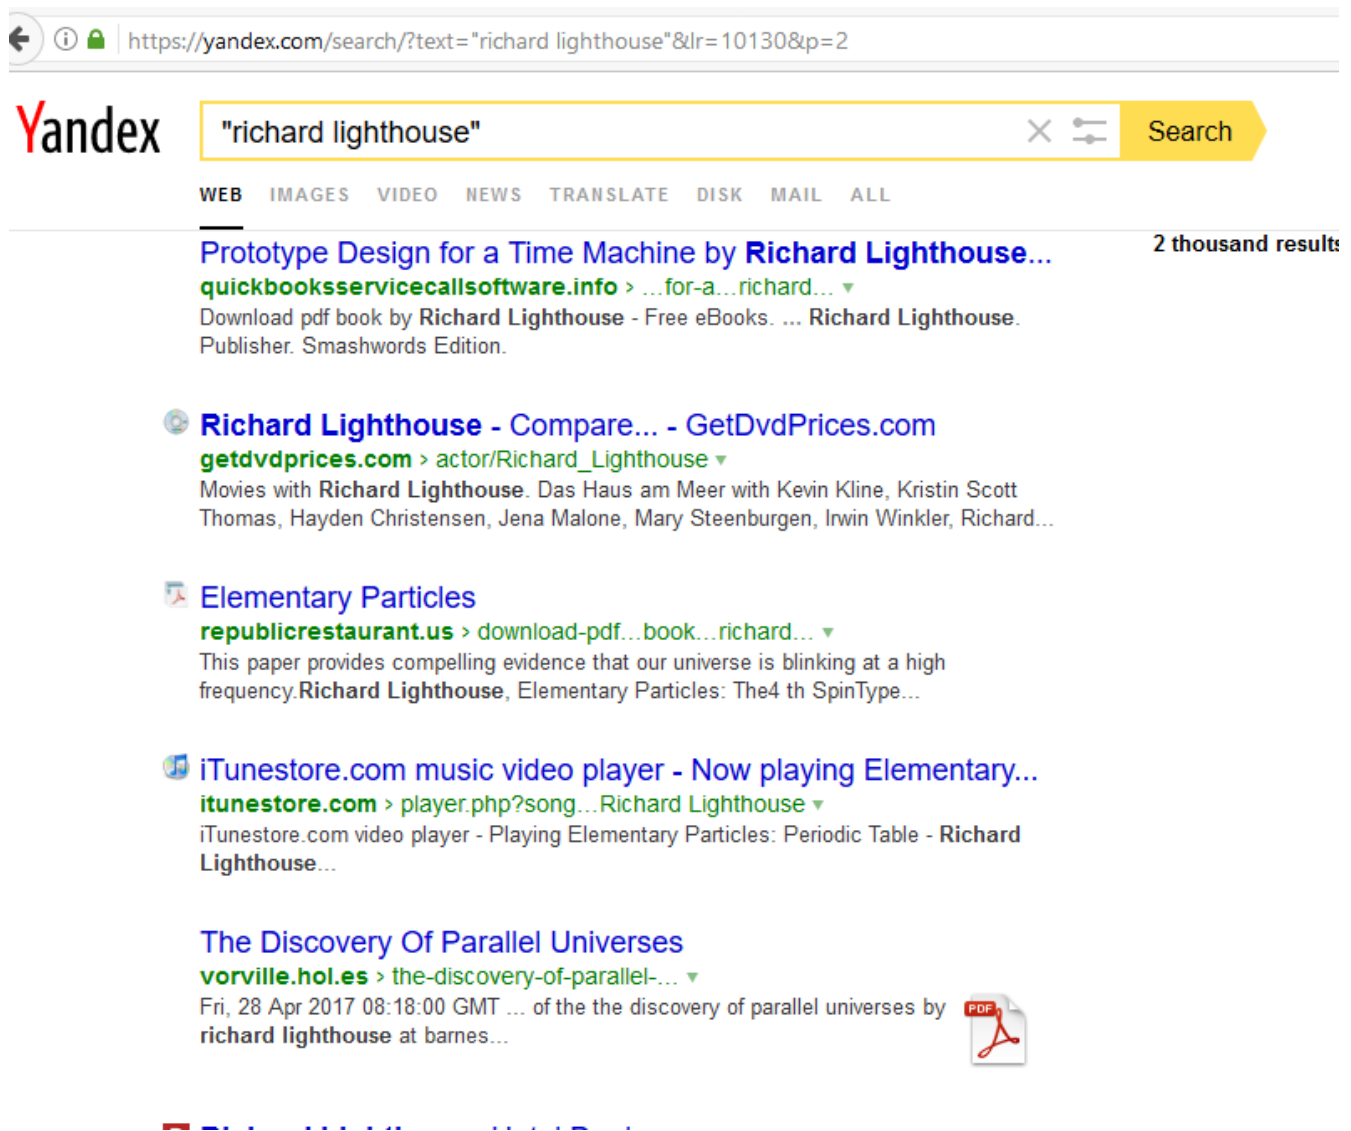

Figure 1. Yandex search results in Russia – None of these websites are licensed distributors for my ebooks. This is fraud and a copyright violation. Google and Bing do not show these links, and it appears that the content contains malware. Typical of the CIA and NSA. When links are provided for my ebooks, the file sizes are 20 MB to 60 MB and my original ebooks are usually less than 1 MB. Obviously malware or spyware.

Figure 7. This is supposedly a Russian website with a bold statement claiming they are not violating copyright. (Legitimate ebook sites don't need this statement.) Note the add date: 11 January 2017 – which is days before the article appears in Pravda. The CIA knew that the article would be published and this posting was part of their disinformation campaign. It took weeks for the Pravda article to go through internal approvals and edits, so the CIA had plenty of time.

Figure 8. This website provides a link to one of my ebooks, but then checks your IP location and redirects you to an error page if you are located outside of Russia. Clearly targeting Russians and using my ebook titles as "bait." Google could not find any domain with this name.

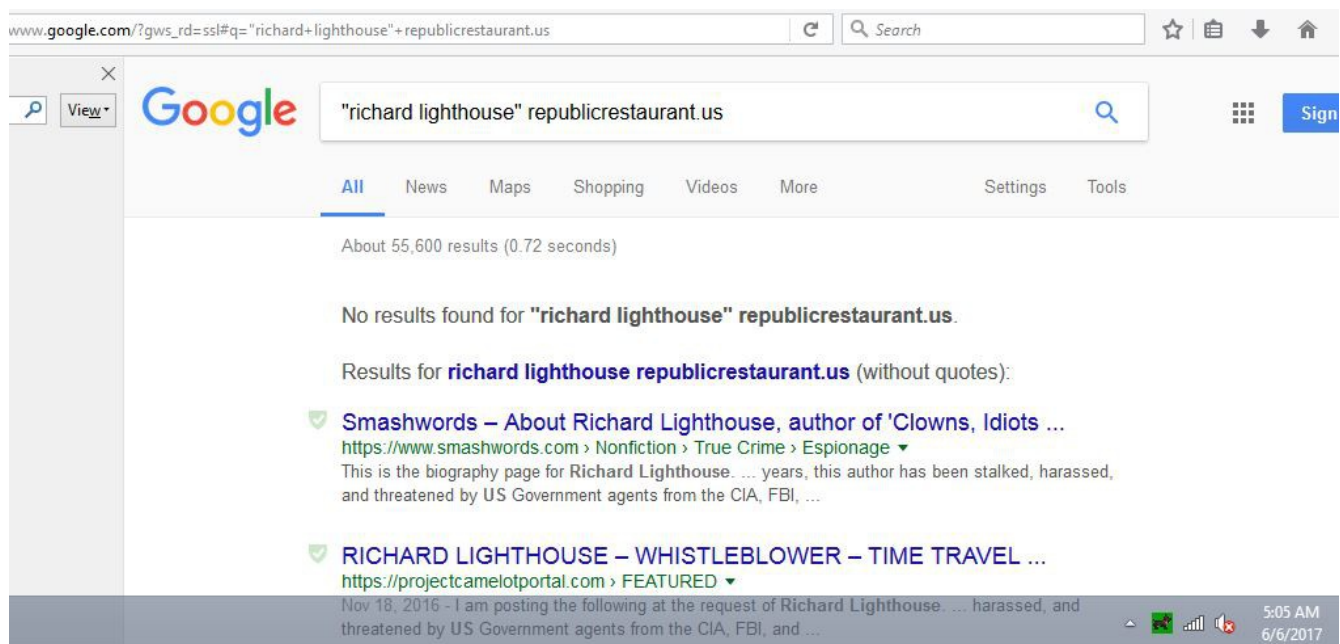

Figure 9. Yandex has search results that Google cannot find? No results for republicrestaurant.us - why would a restaurant publish ebooks about Elementary Particles? Clearly, this website is owned by the government criminals or hacked and used by them. Or maybe the government criminals are blocking the search results of Google? Either way, it is not a licensed distributor for my ebooks. Google has the fastest and most extensive search and crawl techniques in the search engine business. If Google can't find it – it is blocked or hidden.

This technical note describes a simple mathematical-geometrical solution for unifying the four fundamental forces in nature. The fundamental forces of gravitation, electromagnetism, strong force, and the weak force are actually different aspects of the same force. In general, the relationship between the four forces can be described using a form of the equation for Analog Quadrature Amplitude Modulation (Analog-QAM). This equation form is developed utilizing the

Figure 12. nightlands.us - this is the Homepage. Does this look like a legitimate website? See the next Figure – Google can't find it either.

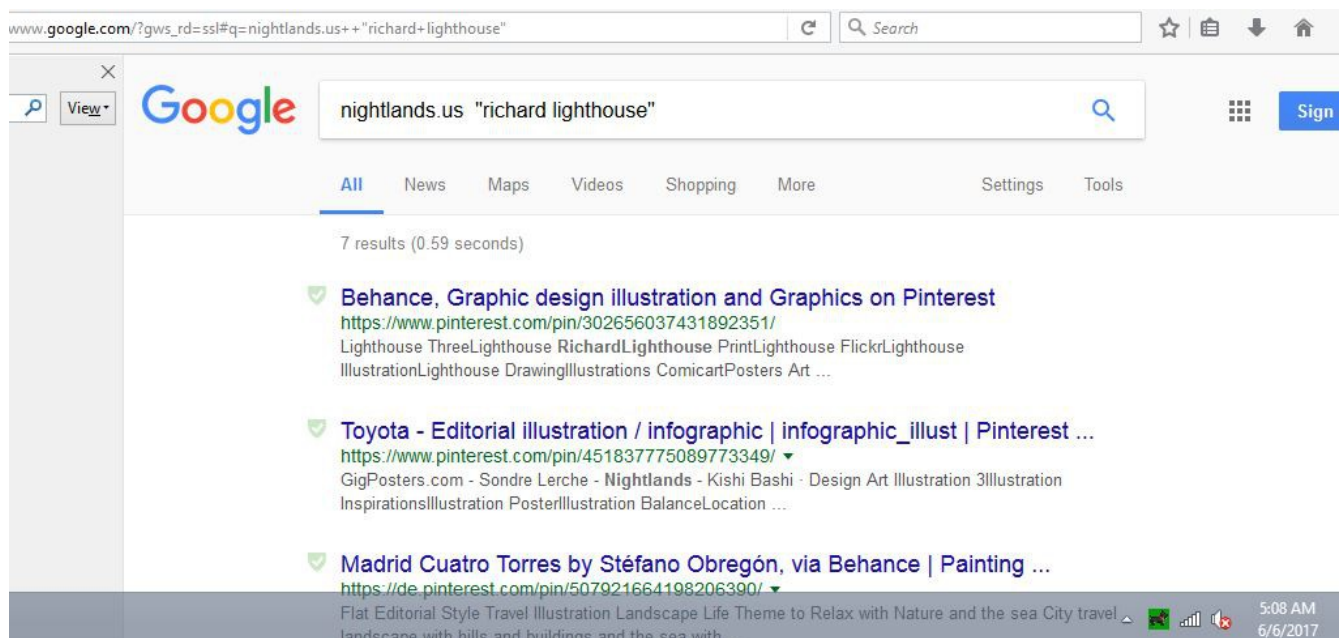

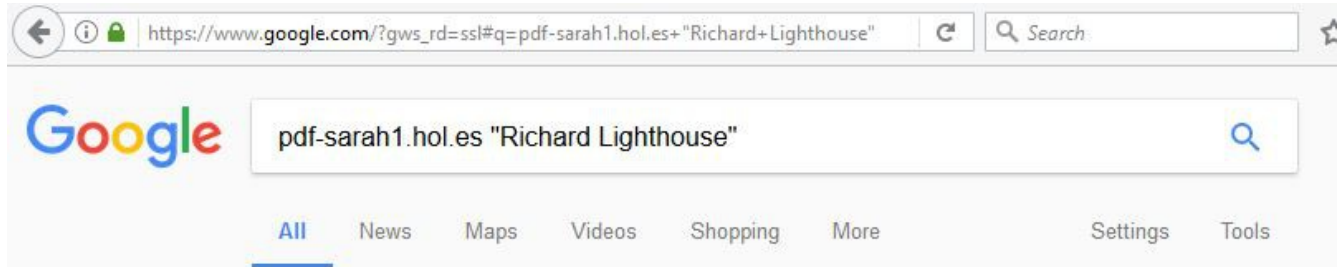

Figure 13. Google can't find nightlands.us with any reference to Richard Lighthouse. But Yandex in Russia has it.

Your search - **pdf-sarah1.hol.es "Richard Lighthouse"** - did not match any documents.

Suggestions:

- Make sure all words are spelled correctly.
- Try different keywords.
- Try more general keywords.
- Try fewer keywords.

Figure 14. pdf-sarah1 – Google can't find anything on that website with Richard Lighthouse. So why does Yandex have it? Again, Google has the fastest and most extensive search and crawl techniques in the search engine business. If Google can't find it – it is blocked or hidden.

Figure 15. The Bing search engine can't find these CIA websites either. No results for pdfcodespace.com with Richard Lighthouse.

So how do we know that the CIA is behind these criminal enterprises? Because according to Presidential Executive Order 12333, only the CIA may authorize and act on foreign intelligence. The NSA may be helping, but the decisions are made by the CIA.

The CIA and FBI “are behind most, if not all terrorism.” - Ted Gunderson, former FBI Chief.

The Clowns, Idiots, and Assholes have also been hacking and altering the LinkedIn.com search results. Notice this screen shot below where I entered a search for “UCLA physics students” - and 2 of the first 3 search results are people in Iran. There is nothing wrong about communicating with people in Iran, but in this case the government criminals are trying to generate false information to justify their hacking and targeting of this author. This is not something new – it is standard procedure for the government criminals of the CIA and FBI. See the related news stories below, where the FBI and CIA routinely set up fake “crimes.”

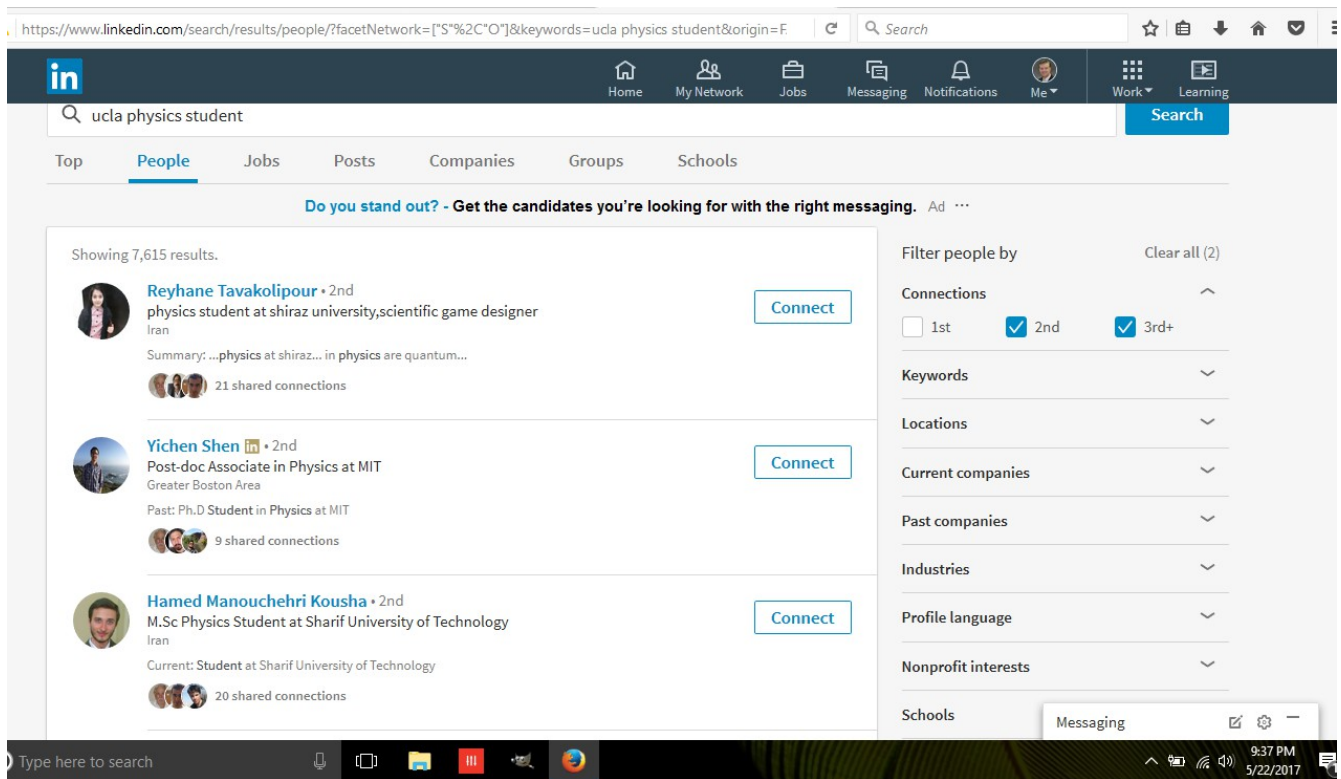

Figure 16. Note this is a search for “UCLA physics students” and 2 of the first 3 results are people in Iran. Another hacking and setup by the government criminals. These search results, in this order are mathematically improbable, and nearly impossible.

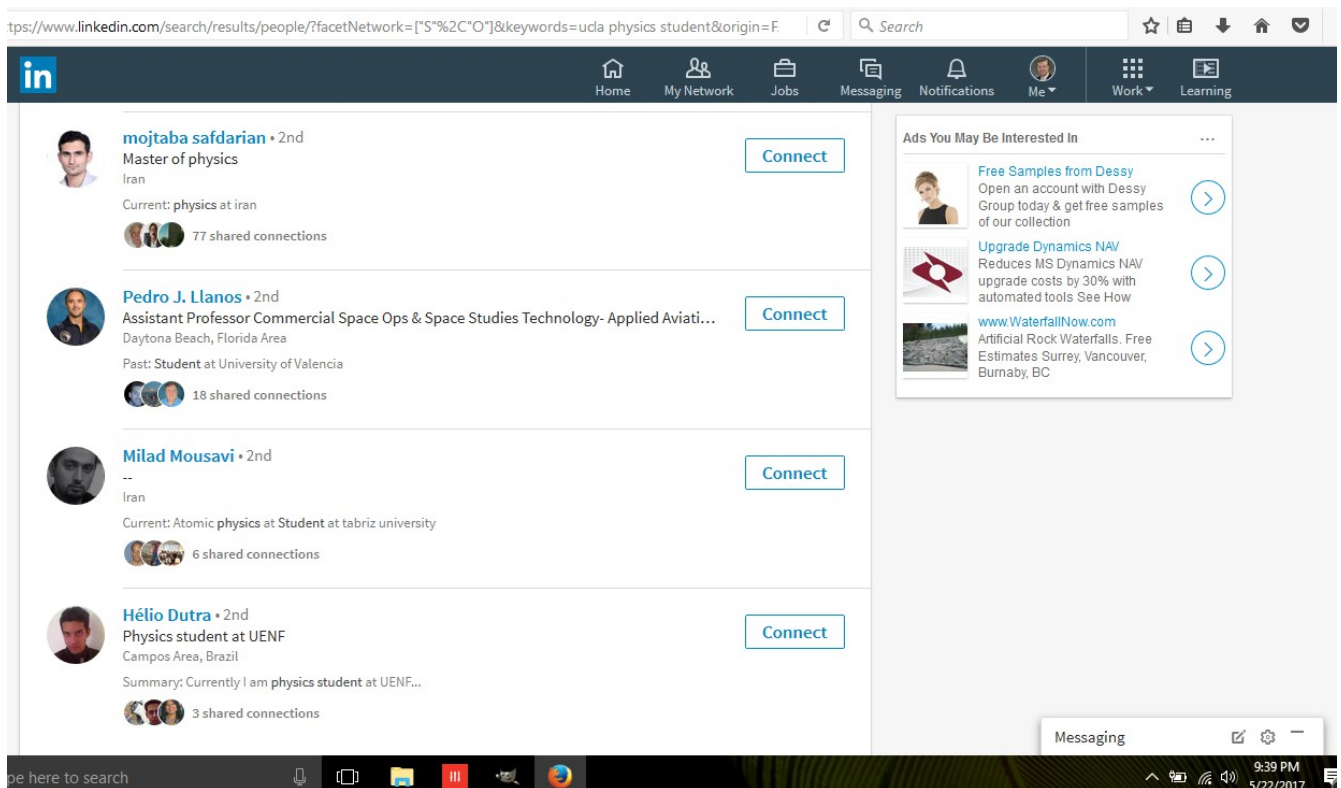

Figure 17. Again, note the prominence of people in Iran for this search. This is mathematically improbable and not mere coincidence.

Readers are encouraged to review the numerous instances where the FBI has set up fake “crimes” and foiled their own terrorist plots:

## **Conclusions**

No other organization or group has any reason to target my ebooks in Russia. Only the CIA and NSA could arrange such a large disinformation campaign. It must be something very valuable they are trying to hide. Here is my opinion of what they are trying to hide:

- 1) The CIA's murder of 3000 people in the World Trade Center on 9-11 (see my ebook "Handout on the World Trade Center") Note that AE911truth.org has a new book coming out in August that proves the government is lying. Also documented on DrJudyWood.com
- 2) The laser technology used to destroy the buildings, which I documented in "Infrared Laser Used on the World Trade Center"
- 3) The source of the funds used for these murders – Rockefeller and Rothschild money. Documented in my ebook, "Rockefeller and Rothschild Dirty Money on the London Stock Exchange"

This short ebook has provided documentation that shows the CIA is attempting to install malware/spyware on computers using my ebooks as "bait." It further shows that these government criminals are hacking LinkedIn.com to alter the search results for their criminal purposes.

Keep in mind that the government criminals will now try to cover up their exposure that has been documented here.

This document is a living document. The author reserves the right to make corrections and changes.

## APPENDIX

I am a government whistleblower – see my ebooks about the criminal acts of the CIA and FBI. I have identified the location of massive funds (trillions of dollars) owned by the Rockefellers on the London Stock Exchange. Readers are advised that the NSA may be blocking or restricting access to some of my ebooks, especially outside the United States. Readers are further advised that digital tracking tags may have been placed in my ebooks. It may be best to download from Apple iBooks, if possible. Note how slowly the jpg's load into the ebook when viewing. Some ebooks have been altered and may contain transparent objects that allow the government to track the location. The content of some ebooks may have been altered – still trying to monitor this. If you have tried to contact me, it is possible that emails and phone calls are being blocked (Owenc787 at gmail) 713.three.zero.six.8287; 918 W 26<sup>th</sup> Street, Houston, TX 77008.

Readers are advised to review the website drjudywood.com which provides compelling evidence about 9-11. Dr Judy Wood and Dr Morgan Reynolds, university professors, filed lawsuits against the US Government for fraud and conspiracy about 9-11. Dr Woods scientific presentation is available at youtube. Readers are also advised to see the movie "Sirius" by Dr Steven Greer, M.D. It is available for free on Netflix, where it is the #1 documentary, and to watch the youtube videos by the Honorable Paul Hellyer, former Canadian Minister of Defense. He has a book titled, "The Money Mafia."

Also, find my brief educational videos on youtube (Some have been blocked from the search engines).

For more than 4 years, this author has been stalked, harassed, and threatened by US Government agents from the CIA, FBI, and NSA - because of the content of these ebooks. My home has been broken into, repeatedly. In May 2014, my girlfriend was drugged and kidnapped from LaGuardia airport. This is not a joke. My computer, phone, and alarm system have been hacked, including those of my friends and family. It is truly sad and pathetic, these agencies have become criminal organizations. If something happens to me (disappearance, false criminal charges, sudden accident, etc. - my readers can be certain that the FBI and CIA

were involved. In my opinion, the Council on Foreign Relations (CFR) is behind these criminal acts. David Rockefeller was the CEO and Chairman for many years.
