Hello.

I would like the Terror Screening Database (TSDB,) The Patriot Act, and FISA all abolished and those who conspired to create (Including Christopher Wray) maintain, and roll out a perpetual torture machine that runs on civilians to turn them into slaves tortured by a Stasi network in perpetuity, PROPERLY investigated, tried, and executed for their crimes against Humanity.

Those who did this cannot be trusted with anything that is alive due to the eugenic, transhuman, Satanic aspect of what's being done, and they are too dangerous literally to live.

Torture is never about truth nor about punishment. It's about creating slaves. There are children on the fraudulent Terror Screening Database list as well. Please read on for why this situation intimately concerns me in particular.

I'm especially sensitive to these matters because I'm one of approximately 400,000 people in the United States who have been put on an exploitation and torture list along with my family. Both my Dad and my first husband were murdered in this program. My body was disabled most likely by the Ai acoustic biosurveillance neuro-dust radiation weapons, scalar weapons, and Ai punishment I've been subjected to nonconsensually, & extra-judicially.

Here are some things DARPA's been perfecting. Please ask who they are testing the technologies they are creating on and if all subjects in all the studies are consensual studies using consensual subjects in them. We corrected being opted into telemarketing schemes in this country by laws reflecting the idea that one should not have to opt out of something he never opted into in the first place. Do we really have to actually put that in writing where nonconsensual experimentation is being used for global enslavement? The fact that I have to address this at all indicates a hostile force using our institutions and infrastructure to create slaves out of our population.

As a member of the public, your bosses, you do not have my agreement to create transhuman/Satanic technologies nor to use any proxy partnership to do it. You may not create a 3D control grid to chain anything that is alive to in perpetuity. Understand something very basic please. We do not wirelessly hook things that are alive to things that are dead such as computer networks because it will always result in parasitism. The 3D Inet control grid Inet of Everything to include the global Ai Sonar-net must be shut down globally.

When I began to express this same thing on Twitter and was being very vocal about #TheCivilianTortureProgram, Alexander Titus followed then blocked me about a day later in what appears to be an attempt to menace and silence me when he was the current DOD Biotech Head. Now that, ladies and gentlemen, is bold. Our military and government needs to be cleaned out from top to bottom of anyone who does not understand that you all are employees/ servants TO THE PUBLIC. PERIOD.

Alexander Titus is a Synthetic Biologist and is rolling out Biden's EO for Biotechnology currently and has worked for Google and other usual suspects. He needs to be hauled in and everything he's been up to regarding nonconsensual experimentation and participation in attempting to make his employers into slaves fully investigated. He appears to be a traitor to the USA and to Humanity and involved in a global coup attempt decades in the making. That entire syndicate must be properly dealt with right now.

I was examined by the same Dr. who was called in by our State Department to care for our diplomats to Cuba, Dr. Michael Hoffer.

Dr. Hoffer said that I'm not Cuba (meaning I don't have Havana Syndrome) but that directed energy weapons use, is likely in my case. The weapons being used in my case are clearly indicated to be acoustic bio-surveillance weapons and scalar in my opinion. At the heaviest point of my being overtly targeted in this TSDB scam Mk Ultra/Cointelpro program I was placed into without my knowledge or consent, I had to go to the emergency room due to being rectally raped with an acoustic weapon at heavy volume FOR NEARLY A YEAR STRAIGHT that was causing frequent rectal bleeding. How many people with colon cancer or other colon disorders and infections have developed those conditions due to these weapons

being used in the same manner at a lower volume that are physically more difficult to detect? I believe my roommate and friend was one of them and likely others I know.

Are you beginning to understand what's been taking place here yet? My body was disabled by these weapons while being hit at a lower level. How many people are disabled now who have no idea their bodies are being torn apart by these bio-surveillance weapons? How much profit does that equal for this global Public Private Stasi network Partnership syndicate being used to roll out a transhuman totalitarian biosecurity gulag? How much is it costing the taxpayers who are paying for their own treatment and extermination via this syndicate?

I was a Texas classroom teacher and had to take disability retirement due to bioweapons torture. I believe my kids were being hit in my classroom as well. What kinds of problems will my former students have in adulthood? In later life? Their children?

Overt targeting of me started in late May of 2015. I didn't need a doctor or anyone else to tell me I was being tortured by insane people for money and control, but I made the journey regardless all the way to Miami, FL in 2020 being mercilessly tortured every second of the way there and back which included these weapons being discharged via IN FLIGHT ON AIRPLANES. Do airline CEOs know about this? What about passengers? TI's are beam tortured in our vehicles on public roads right there with Joe Q. Citizen. Would anyone like to inform him about this hot potato that no politician or media outlet wants to touch except in very rare cases? How many accidents are being caused by these weapons?

Bioweapons torture is being done to me 24/7/365 to this day. By the way, the volume of torture was turned way up on Tuesday, November 8, 2016, with a goal that seemed to be to try to keep me from voting, so we are talking about yet another form of election meddling that needs to be looked at for around 400,000 people and likely way more than that.

How many others placed in this illegal, immoral, digital torture and enslavement program was this done to who have no clue what was happening to them due to being hit at a lower volume? How much of this tech has been used to influence elections? Never mind Dominion or any other physical system of voting regarding cheating when you are able to directly influence and/or control the vote of the public with these neuroweapons? What about judges hit with these weapons? Jurors?

It took me all day to get myself together enough to vote in the 2016 Presidential election, but I pushed through and did it anyway going to vote very late in the afternoon feeling very ill, dizzy, and like I might pass out, with fields pushing down on all parts of my body used to breathe in a suffocation pattern, and felt like I was unable to pay proper attention to anything.

I endured taking the trip to be examined by Dr. Hoffer in Miami, FL in 2020 in order to get documentation for an upcoming court case for what's been done to me, my family, my Country, and the intent for this to be rolled out over all humanity in my opinion.

I believe that most of my family is being hit at lower levels to include CHILDREN who have been born into this and literally hit their entire lives. THAT is SLAVERY.

Different iterations of this program have been in operation, and how far this goes back will need to be investigated as well because after I became overtly assaulted, I remembered this very thing hitting me at a very faint level and not knowing what it was way back when I was a teen-ager. My Dad worked for E-Systems, Garland, Texas Division around that time, E-Systems was eventually bought by Raytheon.

At any rate, at some point, FISA began being used in conjunction with The Patriot Act as a scam mechanism to manufacture a massive list of people, approximately 6 million people estimated globally so far (other countries appear to be following the same model with similar instruments being used in each country,) including children and elderly (and even their pets,) for exploitation in a Stasi wireless trafficking ring that's global and is referred to in code as a #PublicPrivatePartnership that is actually acting as a global transhuman cartel and syndicate staging a global coup.

Here's an 8-minute video on the Public Private Partnership and how it ultimately functions-

[https://www.youtube.com/watch?v=jsLD7W-l\\_FM](https://www.youtube.com/watch?v=jsLD7W-l_FM)

US infrastructure and global infrastructure has at this point been penetrated by this hostile global cartel syndicate whose value system is eugenic, transhuman, technocratic, totalitarian, and is moving toward full spectrum domination which to me equals Satanism.

I'm not in the first round of the Targeted Justice lawsuit against #TheCivilianTortureProgram, #TJvGarland on Twitter, but I will be in successive rounds.

This is round one to be able to have access to the TSDB list which is NOT classified, but which is not being given to anyone who FOIA's it.

I cannot imagine that you folks don't know what's been going on, but if not, I suggest you learn what's being done to innocent people in case it has happened to someone you love, or happens to you and/or your loved ones in the future due to people being compromised, and/or not being educated & acting appropriately through education, noncooperation, and other proper methods to get this tyranny shut down. Our military needs to be immediately protecting the civilian population by tracking and taking out active Stasi network members torturing civilians for cybernetic nonconsensual experimentation and other exploitation and wireless trafficking regardless of any other factors.

“But when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security.”

I want that TSDB list distributed to everyone on the list and for that list to be posted in public AND REPORTED ON WITHOUT PROPAGANDISING IT. But do understand that there may be parts of this syndicate operating outside of that system and doing the same thing who are not using the FISA/Patriot Act Enslavement fraud.

If you, yourselves have not yet been put on the list, consider yourselves lucky, but understand that data from people on the list is being farmed out & used around the globe to the Public Private Partnership businesses, agencies, and individuals who are profiting from our data via biotech they are creating and using in business models designed in the direction of global tyranny which you all were already tricked/coerced into participating in once, likely way more than that from what I'm seeing roll out.

All of that must be brought to a halt right now. These mechanisms to roll out global tyranny include things like SDG's, ESG's, Digital ID, CBDC's, & the Inet of Bodies, woke credit schemes, social credit scores...

This Public Private Partnership is in the process of building a better 3D Global Internet mouse trap control grid for all of you, using our data (people fraudulently placed on #TheCivilianTortureList)... and there should be no torture list at all, period regardless of terror status. Real terrorists need to be tried and jailed or given the death penalty. Torture shouldn't enter into it at all. Torture is a red-flag indicating that there are people with an agenda who are in the process of making slaves toward a goal of domination in some way. It must be outlawed and mandatory death sentence for it. This syndicate has gone on so long that Humanity literally must be safeguarded.

Again, the people who've cooperated across this syndicate who've done this are too dangerous to live and need to be investigated, tried, and executed.

As long as this 3D Internet Control Grid is in operation, you and your loved ones are at risk for being placed on this same fraudulent list and/or for being digitally enslaved. See the short video from Dr. Yeadon below for more on how that operates and is being put in place.

The 3D control grid includes the Internet of Bodies which he doesn't address. Here is a 16 minute video that explains OBAMA'S TOTALITARIAN, TRANSHUMAN, SATANIC, DEAD, Global 3D Inet of Bodies 4.6 Billion Dollar Taxpayer Funded #BrainInitiative #Hivenet/#BrainNet-

[https://youtu.be/uL-2\\_1T1s-U](https://youtu.be/uL-2_1T1s-U)

This system must be commandeered, the damage repaired as much as possible, and the entire thing shut down. Humanity was not asked about any of this. No one has my agreement for any of this to continue. That includes elected public officials and unelected paid public employees.

People are being placed onto this control grid without their knowledge or consent. It's most widely known as coming from Rand Corporation and opportunists across the cartel syndicate who flocked like pigs to a trough to make profit off of building out this digital biosurveillance prison to enslave their fellow man. Disgusting.

The infrastructure connected to fiber optics is being laid now across the country, but the sonar-net is already in place. Israel-orchestrated, UN Smart Cities are slated to be clean, efficient enslavement camp cities across the nation-

Here is more information for education so that you can properly support our freedom. Freedom cannot be properly maintained in the face of ignorance.

But first, please note that the Targeted Justice lawsuit was filed by Ana Toledo Davila on Jan. 11, 2023. Only a few months later, papers are being drawn up for impeachment for the traitors who are named in the TJ lawsuit who are involved in cooperating to create and maintain the listing process and putting innocent Americans on the Stasi torture, exploitation, & enslavement list for profit toward a goal of global enslavement of the entire system.

These include but are not limited to FBI Director Christopher Wray, Merrick Garland, Alejandro Mayorkas...and the fact that Biden's impeachment papers were drawn up should indicate to everyone

his involvement as well as many others on the left and right who've not been sued YET that look to be working on behalf of the Public Private Partnership in my opinion.

There are members of our Congress who've been placed on this torture list as well. What better way to gain their cooperation for a global transhuman coup attempt than to torture them into submission, or threaten their family members with being placed on the list?

Also celebrities and other famous people worldwide have been placed on the list. Singer Van Morrison is on the list, for example. But the bulk of the list is made up of good people, in my opinion, patriots who have spoken out against corruption and have been placed on the list to punish, exploit, and silence them. Some were probably just in the wrong place at the wrong time as well.

Annotated list for more information that I expect you all to give your due diligence.

Laws enacted by the Obama-Biden administration, including after Trump's 2016 election but before he took office, disturbingly require 'real-time' neurological surveillance- Be aware that these programs are hidden in a dual use context. Thank you so much and I hope you enjoyed your freedom celebration on July 4th. Many TI's feel enslaved and are refusing to celebrate freedom. I'm not in that category. God made humans free. Insane, criminal, misguided, evil people have mistaken other humans for objects to enslave, a ridiculous, insane notion which must be remedied right now.

I noticed that The U.S. Treasury targeted the Thieves-in-law criminal cult which is a money-from-suffering transnational crime syndicate in 2017. I do believe the Public Private Partnership to be the same thing and any traitor within it must be dealt with. These cults use Money-from-suffering scamming shams as a means of domination over everyone else not in the club. Again, it's gone so far now that Humanity must literally be safeguarded, quickly, and firmly.

Traitors to Humanity must be rounded up, tried, and executed if guilty of trafficking enslavement, torture, rape, murder, DNA forced speciation/bio-corruption sabotage in this crime ring.

In conclusion, I want a full accounting of the number of AMERICANS tortured into disability, driven into homelessness, framed into prison, forced into mental institutions & penury, & A FULL DEATH COUNT from AMERICANS BEING MURDERED & DRIVEN INTO SUICIDE by this STASI program. Also, I've tagged

DOD in a Tweet that they are to save data on that “secret” Ai global sonar-net that corresponds to TI’s documenting this criminal activity on social media. I want that data made available to us in a proper, well-organized manner.

Here's to keeping humanity free forever more.

Thank you for your service to our Country and to God's Creation, Humanity and biology.
