**Directions:**

Each reversal in the transcript is made up of:

F= What was said in the forward speech

R=What was said in reverse.

[with brackets are around exactly where the reversal was found] followed by the interpretation of what the reversal means. Read each reversal then play its corresponding Mp3 in the folder.

The transcript:

F1: William Tompkins (WT): He pu[ts me in this think] tank, and that's where we get to this first think tank ok? It's inside of Douglas in a walled off area, and there's two other guys in it. And uh, we investigate every aspect of extra-terrestrial, military commercial... whatever.

R1: **It's in the eaves.**

F = 0:00:42 to 0:01:01, R = 0:00:43 to 0:00:44

**Interpretation:**

- Tompkin's testimony is that he was in this secret think tank that was not out in the open, so "It's in the eaves" appears to confirm that.

F2: WT: He puts me in this think tank, and that's where we get to this first think tank ok? It's in[side of Douglas] in a walled off area, and there's two other guys in it. And uh, we investigate every aspect of extra-terrestrial, military commercial... whatever.

R2: **So good with us.**

F = 0:00:42 to 0:01:01, R = 0:00:48 to 0:00:49

**Interpretation:**

- Tompkins appears to be proud to have been in good with this position in this secret think tank side of Douglas.

F3: WT: They're spacecraft carriers. I designed U.S. Navy spacecraft carriers which finally got built um back in the late 70's uh up in Utah underneath the ground and uh that's the you've seen the pictures of U.S. Navy [space ships.]

R3: **Space ships.**

F = 0:01:25 to 0:01:49, R = 0:01:48 to 0:01:49

**Interpretation:**

- This is a mirror reversal. Mirror reversals are congruent, so the reversals on the information pertaining to space ships in this statement is correct that there are space ships in some way.

F4: WT: [They had] developed, or they had been given electromagnetic antigravitational propulsion by the reptilians.

R4: **They hid them.**

F = 0:05:18 to 0:05:26, R = 0:05:18 to 0:05:18

**Interpretation:**

- They hid what was being developed.

F5: WT: Not my job, my mission, it's documented, ok? It's written by the Secre[tary of Navy Forrestal.]

R5: **A trophy in there.**

F = 0:07:29 to 0:07:37, R = 0:07:35 to 0:07:37

**Interpretation:**

- Congruent statement that tells us he was proud of his mission written by Secretary Forrestal.

F6: WT: No other country but Germany knew about the extraterrestrials, nobody did. Now, as this start to un[veil the reality of what Ger]many was doing, it was like uh the war was gonna be over period. They're gonna take the whole planet.

R6: **Immerse nova in Lyra.**

**Interpretation:**

F = 0:08:21 to 0:08:42, R = 0:08:32 to 0:08:34

- Connected to a veil and what's really going on connected to Germany is immersing whatever Nova is in whatever Lyra is.

F7: WT: Now, as this start to unveil the reality of what Germany was doing, it was like uh the war was gonna be over, [period. They're gonna take] the whole planet.

R7: **This immigrant would hear it!**

F = 0:08:29 to 0:08:42, R = 0:08:39 to 0:08:41

**Interpretation:**

- Connected to taking the planet are immigrants hearing a call in some way. Seems to be describing weaponized migration.

F8: WT: [They were cloned. They had cloned] a whole battle group of soldiers. They sent 'em out front.

R8: **Wolf made in Moscow.**

F = 0:08:52 to 0:09:01, R = 0:08:52 to 0:08:55

**Interpretation:**

- Connected to being cloned and the history of it is a predator having been made in Moscow in some way. I think the micro and macro scale have to be considered here.

F9: WT: So it's not just the material. [An advance] medical systems... longer lives The size and the magnitude of what was taking place was unbelievable to everybody that got involved in the program.

R9: **Slaved in it.**

F = 0:09:04 to 0:09:18, R = 0:09:07 to 0:09:08

**Interpretation:**

- Connected to an advanced medical system is a mass control system of slavery being created.

F10: We did later on at TRW uh on Advanced Life Systems. It's extended life. [And that program is down now] to within less than two years. It's going to be available to some people on this planet.

R10: **My knives in the wolf planet.**

F = 0:10:06 to 0:10:27, R = 0:10:15 to 0:10:17

**Interpretation:**

- Congruent reversal that he is deeply involved in this system connected to wounds, specifically the life extension system. This is clearly indicated to be connected to the global transhuman syndicate Ai Systems biosurveillance state global internet control grid in my opinion.

F11: [Every document, every piece of paper that we took to ge put together as] they called them packages but they were proposals, to JPL, or Cal tech, or Northrup, or Lockheed whatever. Nothing was stamped even confidential.

R11: **Where they give a Vegas-perk-Human forget the safety record. They'll miss con, HUMINT.**

F = 0:00:00 to 0:00:18, R = 0:00:00 to 0:00:06

**Interpretation:**

- Connected to every document and piece of paper put together is a HUMINT network rolling out a con connected to a Vegas show being put on in exchange for Humans connected to forgetting about the safety record. So this looks to be a transhuman Human Intelligence network con run on Humans in order to bypass safety records in some way.

F12: ...they called them packages but they were proposals, to J[PL, or Cal tech, or Northrup, or Lockheed whatever. Nothing was stamped even confidential.]

R12: **I'll slay-the-smoke-elite is made. Sow me a con. Her rattle-the-Cal your first con. Look at slacker-lied.**

F = 0:00:06 to 0:00:18, R = 0:00:11 to 0:00:18

**Interpretation:**

- Connected to propulsion and labs, or Northrup, or Lockheed receiving papers not even stamped confidential is sowing a con made of claiming to defeat the elite's obfuscation and rattling California in some way connected to his first con (perhaps in a series of cons) in some way connected to pointing at or perhaps blaming lazy slackers.

**Conclusion:**

I've still not found that ET's are real. Instead ET's seem to be a cover for transhuman meddling in biology and trying to mate it with machine in the direction of full spectrum dominance building out a global control grid Internet wirelessly connecting all of Creation that is a medical system, punishment system, and a communications system.
